

The information and tools in this section have been developed by our colleagues at [Co-operative Assistance Network](#).

This template responds to **Premises and equipment** in the **Your business plan** section of www.thehive.coop

Premises and equipment

Describe the facilities that will house production and organisation and how they will contribute to the marketing effort.

What equipment you will need? Include production kit, office equipment, software, essential training, legislation you will have to comply with.

Identify what premises and kit you already have and from where you will source that which you require.
